

Footwear

Photographers shoot in a diverse range of challenging terrains from frozen lakes to arid deserts and rocky shorelines.

Our range of Stainless Steel tripod footwear is designed to provide security and stability in the harshest terrains. With universal dual threads, our footwear will fit any tripod legs with 1/4"-20 or 3/8"-16 threads.

	Bootz	Heelz	Stilettoz	Clawz
Use for	General use	Use on concrete, gravel, and other hard surfaces for extra grip. Also for use on grassy surfaces.	Use to elevate above rocky or mucky surfaces. Also useful for anchoring into softer ground.	Use for extra grip on ice, rocks or uneven surfaces. Can also spread the load on malleable terrain like snow or sand.
